

Raptivity

Rapid Interactivity for Effective Learning

Raptivity is the world's first rapid interactivity builder. Raptivity helps you create true learning outcomes with meaningful interactivity. With Raptivity, you can create interactivity rapidly and add it conveniently to your eLearning content.

Raptivity Benefits

- Raptivity provides the strong pre-built library of hundreds of rapidly-customizable interaction models. These Interaction models are based on best practices in instructional design.
- The output of Raptivity is a single Flash file which fits right into your eLearning tools. You can use the Raptivity output with hundreds of authoring tools, LMS, LCMS, Live Collaboration tools and webdesign tools.
- Raptivity tracks completion status, score and responses and provides this information to authoring tools for SCORM/ AICC tracking with LMS. Anyone can use Raptivity with minimal learning and absolutely no programming.

Raptivity Features

- Raptivity interaction models library is conveniently organized into several packs. The core pack consisting of 35 interaction models ships with Raptivity and contains frequently used models representing a wide selection of interactivities organized in various categories. This library of interaction models lets you build challenging brainteasers, compelling visuals, and attractive presentation elements with great ease. You can create instructionally sound software simulations with very little effort; or build comprehensive learner surveys quickly.
- With support to Unicode languages, course creators can create interactivity in non-English languages.
- Raptivity provides a variety of pre-defined color themes. Course creators can apply any of the themes to the interactivity and transform it into a new attractive look.
- A sophisticated editor, which employs an innovative four-way customization interface, is included for customization of interactivity.
- The wizards, forms and templates make Raptivity easy to master. Raptivity provides complete control over the content, look and feel of interactivities, while maintaining its ease of use.

System requirements for interactivity creators

- ✓ Intel Pentium III Processor or higher
- ✓ 256 MB RAM
- ✓ 100 MB free hard disk space
- ✓ 256-color monitor or better
- ✓ Microsoft Windows Vista, XP, 2000 & Windows 7
- ✓ .NET Framework 2.0
- ✓ Mouse or compatible pointing device
- ✓ CD-ROM or DVD-ROM drive

System requirements for learners

- ✓ Intel Pentium II Processor or higher
- ✓ 64 MB RAM
- ✓ 256-color monitor or better
- ✓ Internet Explorer 5.5 or above, Netscape 7.1 and 7.2, Firefox 1.0.2 or Safari
- ✓ Flash Player 8 or above

Raptivity works only on Windows platform. As of now, Raptivity does not support Mac operating system.

Raptivity is supported on a single computer for one user, as outlined in the End-User License Agreement, and must be installed on your computer's local hard drive. It is not supported in a server environment such as VMware, Parallel Operating System or virtual machines.

No proprietary Plug-ins required; plays straight from the internet browser.
