September 23, 2015

Raptivity to participate in the DemoFest and also exhibit at DevLearn 2015 Conference & Expo

Join Raptivity at booth #445 at DevLearn 2015, for a quick demonstration of its interactivity building solutions

The Raptivity team will participate in DevLearn 2015, from Sept 30 - Oct 2 at MGM Grand, Las Vegas. The team will be stationed at booth #445 and plans on showcasing its flagship interactivity building tool – Raptivity, along with Raptivity Linker, the latest addition to its bucket of interactivity building solutions.

DevLearn Conference & Expo is North America's largest eLearning event, attracting a highly experienced and technical audience of senior learning professionals. This year, the conference aims to inspire innovation and innovators by letting attendees discover what technology makes possible for learning today and to examine and experiment with all the growing opportunities for tomorrow. To know more about DevLearn, click here.

Jamaica Glenn, Raptivity Valued Professional, who represents Raptivity regularly at DevLearn, said, "Team Raptivity has always been at the forefront of innovation and DevLearn has been a platform for us to showcase that, year on year. Last year, we launched a brand new tool – Raptivity Linker, at the conference, and it yielded great response from the audience. This year, we intend to be there with our flagship product line – Raptivity and Raptivity Linker, and we are expecting a good number of visitors to our booth."

In line with the conference's core theme of innovation, Raptivity team has been selected to participate in DemoFest. DemoFest, an annual event at DevLearn, has contestants demonstrate their learning solutions live amidst a lot of attendees. While learning about the tools, technologies, processes, and techniques used to build them, attendees can also vote for their favorite demonstrations. You can catch Raptivity team live at the event, demonstrating their project on PCI Compliance Basics, on October 1, from 4:00 PM to 6:00 PM.

 "This year's highlight would be our participation in the DemoFest, with the PCI Compliance project demonstration. The project has been developed by Monique Head, a long time customer and now, also, a Thought Leader for Raptivity's Interactive Learning initiatives. It is a moment of pride for us to be demonstrating something that one of our customers has developed using our tools. It is definitely going to be worthwhile", Janhavi Padture, Vice President – Strategy, Harbinger Knowledge Products Private Limited, was quoted saying.
